Trauma Expert Helga West to Present Session on Trafficking Victims and Trauma

Monday, August 25, 2008 2-3 pm EST

Helga West, President & CEO of Witness Justice, will be presenting a virtual training session on "The Effects of Trauma on Trafficking Victims and Challenges to Healing and Recovery." This session will provide an understanding of the nature and impact of trauma, as well as an understanding of the specific trauma experienced by trafficking victims. In addition, the session will cover the barriers to accessing support and challenges to victim recovery. For service providers, an emphasis on creating and implementing a trauma-informed environment will be highlighted.

Ms. West presented a similar training for the Office of Refugee Resettlement at the Department of Health and Human Services.

West, an expert on trauma and trauma-informed care, serves on the U.S. Department of Health and Human Services' National Center for Trauma Informed Care. Through Witness Justice, West provides trauma training to government agencies, service providers, and others across the country.
